

March 25, 2011

To whom it may concern:

I am pleased to strongly recommend The Medicus Firm for academic physician searches. We established a partnership with them for our OB/GYN department in January of 2011. We had an extremely urgent situation for Reproductive Endocrinology along with pressing needs for Maternal Fetal Medicine, Gynecologic Oncology, and Urologic Gynecology.

Within 60 days we have had excellent activity for our searches. We are securing candidates for our Reproductive Endocrinology needs, and I am confident we will have others secured for the other positions as we prioritize the next searches. The slate of candidates presented have been excellent, and I am very pleased with the professional way The Medicus Firm is representing The University of Mississippi Medical Center.

The knowledge our representative has of our region and of the intricacies of academia has helped tremendously. The process they utilize has been very successful, and the level of customer service they provide is fantastic. I can see why their newly developed academic division is growing so quickly. I will continue to work with them and refer them to anyone in need of recruiting assistance. Should you wish to talk to me directly don't hesitate to contact me at 601-984-5778.

Sincerely,

Maggie Cravey
Faculty Recruiter
