

I am pleased to offer this letter of recommendation for The Medicus Firm. Over the years I have worked with a number of recruiting firms, and The Medicus Firm has proven to be a great recruiting partner for us.

When it comes to physician recruitment, the "fit" of an individual to the medical community and practice is equally as important as his or her abilities. We had a need to source the right candidate within a short timeframe and The Medicus Firm delivered! Historically we have been an all-female practice, and while we were open to making a change to our culture, we were very cautious about receiving the types of candidates that would meet our criteria.

Clinic Sofia OBGYN, PA

F// 952.345.4448

Within 45 days from our on-site meeting with The Medicus Firm, we were signing our "needle in a haystack" physician and our new physician just so happened to be male!

It was very refreshing to partner with a recruiter that did an excellent job screening and communicating details about our specific opportunities to the candidates. My recruiter also went the extra-mile to keep me informed on every step of the process. Not only did they produce quality candidates for our clinic and community, but their knowledge and consultation throughout the process ultimately took our recruiting efforts to the next level.

I highly recommend The Medicus Firm to anyone who is searching for a committed and capable search firm that will deliver results and fulfill the expectations they set from the start of the process. Their knowledge and partnership approach make them a pleasure to work with and we look forward to a long lasting relationship.
