

Debbie Robison
Physician Recruiter
Fayette County Memorial Hospital
Washington Court House, OH

January 29, 2009

Fayette County Memorial Hospital is a 25 bed critical access hospital situated between Dayton, Columbus and Cincinnati, OH. Because we are a small rural community, recruitment has been a challenge. In the past we have worked with and had many experiences with different physician search firms.

The Medicus Firm is one of the best firms we have had the opportunity to work with. We engaged The Medicus Firm on a Family Practice search that another, large national search firm had been unable to complete. My recruiter came to our community to profile the opportunity and gave us valuable feedback regarding the search, and offered suggestions on how we could better package the opportunity for a successful recruitment. It is important to understand that with The Medicus Firm I did have "My recruiter" who was the primary person that I dealt with routinely.

From that point forward, my recruiter communicated frequently regarding the progress of the search and worked diligently to ensure that we had a successful outcome. We have since engaged Medicus Partners on an additional search and I am pleased with the progress we are making on it as well.

I recommend The Medicus Firm to anyone interested in successfully recruiting physicians to their facility. If you have questions about their efforts on our behalf or my experiences with them, please feel free to contact me at (740) 333-2704.
